Re: PWSID # NJ2112324/TP001001

Dear Mr. Warne:

Great Meadows Middle School is classified as a non transient, non-community public water system by the New Jersey Department of Environmental Protection. As such, the school is required to test its drinking water on a quarterly basis and comply with all the regulatory requirements of the New Jersey Safe Drinking Water Act (N.J.A.C. 7-10).

As your compliance manager, I certify that the Middle School has completed all of the water testing required by the State and is in compliance with all rules and regulations that apply to its water system. The results of all water tests meet State and Federal standards and there are no outstanding water quality violations.

Sincerely,

John P. McGowan, CWS VI, CI
