

GET \$120 FOR GROCERIES THIS SUMMER

This June, New Jersey will make sure lower-income families with school-aged children have the food they need. NJ will send a card to every eligible child in order to purchase \$120 worth of food at participating retailers.

To receive your benefits card by June 2024, check in with your school before April 19th, 2024 to make sure your address and contact information is correct! Applications will still be accepted throughout the summer. To apply for Summer EBT benefits, contact your child's school.
