# GREAT MEADOWS REGIONAL SCHOOL DISTRICT REMOTE OPTION

## What is the Remote Option in GMRSD?

Many of our families have expressed the need for a schooling option during the Covid-19 crisis that allows their student to remain in the GMRSD, but provides an alternative to the in-school setting. This option has been made available to support our students and families who have underlying health conditions, safety concerns, and/or others in the family who are at-risk of health impact due to Covid-19. This option is available to each student that attends GMRSD in the 2020-2021 school year. If student circumstances change, remote option students will be able to return to the regular classroom setting.

The remote option at GMRSD will consist of academic coursework through the Edgenuity platform. Many local districts successfully use Edgenuity for intervention, coursework, and credit recovery.

Students will be supported by the virtual platform, and will also have synchronous support with GMRSD teachers. Synchronous support will consist of small group and individual meetings over Google Meet platforms each afternoon, Monday through Friday.

Students with IEPs and 504 Plans and those academically at-risk will have all modifications and accommodations that can be provided in a remote format. These students will also be assigned a special education teacher/case manager and guidance counselor to assist with time management, organization, and social-emotional concerns that may arise in the remote setting.

Students who choose the remote option for the 2020-2021 school year will be eligible for all field trips and extra-curricular activities as they remain current GMRSD students.

# What if I want to come back?

Students who sign up for the remote option will be committed to one marking period in the remote program. The lone exception to this is if the NJ State of Emergency for Covid-19 is lifted. At the end of the marking period, all students will have the option to return to school or remain with the remote program.

If schools once again shut down, students will remain in their remote learning program in order to maintain consistency in instruction.

## Registration Information:

**Deadline: July 31, 2020**

**Contact: Kathy Ascolese for Central ([kascolese@gmrds.com](mailto:kascolese@gmrds.com)); Jessica Denicola for GMMS ([idenicola@gmrds.com](mailto:idenicola@gmrds.com))**

**\*Please put "REMOTE COHORT" in subject line.**

Include student's full name and grade level in email
