

Bucks for Billy

LLC Family: Stronger Together

Our very own Meg Strathern's son Billy has major damage to his heart, many issues, the chief among them CHF and is looking at a very long, difficult road back. The simplest explanation is Billy caught a cold. It attacked his heart muscle and now here we are. He has a pump keeping him alive. He has a great team of doctors and nurses caring for him and family and friends who love him, but he needs our help! Liberty Learning Center will be raising money to help with the burden on Billy, his wife Holly and their two young daughters Alaina & Norah.

Babysitting for Billy Liberty Learning Center

Friday, November 4
6 PM-9 PM
